Planet Earth Sunday (Australian Version 1) Introduction Earth refers to the fragile green blue planet, that piece of stardust in the solar system we now call home. Earth is also the domain that is filled with God's glory, the living

Planet Earth Sunday - Season of Creation

The blue whale (*Balaenoptera musculus*) is a marine mammal belonging to the baleen whale parvorder, Mysticeti. At up to 29.9 metres (98 ft) in length and with a maximum recorded weight of 173 tonnes (190 short tons), it is the largest animal known to have ever existed. Long and slender, the blue whale's body can be various shades of bluish-grey dorsally and somewhat lighter underneath.

Seven Seas Entertainment is a publishing company located in Los Angeles, California. It was originally dedicated to the publication of original manga, but now publishes licensed manga and light novels, as well as select webcomics. The company is headed by Jason DeAngelis, who coined the term "World Manga" with the October 2004 launch of the company's web site.

The Water Cycle

Earth is the planet we live on. It is the third planet from the Sun. It is the only planet known to have life on it. The Earth formed around 4.5 billion years ago. It is one of four rocky planets on the inside of the Solar System. The other three are Mercury, Venus and Mars.. The large mass of the Sun makes Earth move around it, just as the mass of Earth makes the moon move around it.
