MOTION BLUR - WIKIPEDIA

BLUR (VIDEO GAME) - WIKIPEDIA

## **blur the speed of pdf**

Motion blur is the apparent streaking of moving objects in a photograph or a sequence of frames, such as a film or animation. It results when the image being recorded changes during the recording of a single exposure, due to rapid movement or long exposure

## **Motion blur - Wikipedia**

Blur (stylized as blur) is an arcade racing video game released on May 2010 for Microsoft Windows, PlayStation 3 and Xbox 360. It was developed by Bizarre Creations and published by Activision in North America and Europe. The game features a racing style that incorporates real world cars and locales with arcade style handling and vehicular combat.

Shutter Speed Chart & Exposure Time Basics. Download the Free Shutter Speed Chart PDF. To create an image, light passes through the lens aperture where it's exposed to the camera sensor, also known as the image sensor. The camera sensor collects & records light information about the scene being photographed.

This article describes approaches for efficient isotropic two-dimensional convolution with disc-like and arbitrary circularly symmetric convolution kernels, and also discusses lens blur effects. Keywords: depth of field, circle of confusion, bokeh, circular blur, lens blur, hexagonal blur, octagonal blur, real-time, DOF Gaussian function approach. The circularly symmetric 2-d Gaussian kernel ...
