I have a build-your-own-boat (a large steel hull with a BMC diesel engine (don't know the type) in it). I would like to know a lot more about this particular engine, but I don't have any information about it. Now, it seems that it is a rather simple engine (around 1970-1975), but I would like to know a little more.

The BMC 1.5 is a great engine, but it needs regular serving and maintenance to keep it in good condition. Whilst some parts are now getting more difficult to come by as new items, the BMC 1.5 Diesel is still highly regarded with many sources for second-hand parts. But there are some that believe that these engines are virtually unbreakable.
