The BMW M3 is a high-performance version of the 3 Series, developed by BMW's in-house motorsport division, BMW M GmbH. M3 models have been derived from the corresponding generations of the BMW 3 Series. The initial model was available in a coupé body style. At times the M3 has also been available in saloon and convertible body styles. Due to the coupé and convertible models no longer being ...

The Audi S4 is the high performance variant of Audi's compact executive car A4. The original Audi S4, built from 1991 until 1994, was a performance-oriented version of Audi's 100 saloon/sedan. All subsequent S4s since 1997 have been based on the Audi A4; and as the A4 has evolved from one generation to the next, so has the S4.. A more powerful internal combustion engine, larger upgraded brakes ...
