Ice is water frozen into a solid state. Depending on the presence of impurities such as particles of soil or bubbles of air, it can appear transparent or a more or less opaque bluish-white color.. In the Solar System, ice is abundant and occurs naturally from as close to the Sun as Mercury to as far away as the Oort cloud objects. Beyond the Solar System, it occurs as interstellar ice.

Ice - Wikipedia

Roller in-line hockey, or inline hockey is a variant of hockey played on a hard, smooth surface, with players using inline skates to move and hockey sticks to shoot a hard, plastic puck into their opponent's goal to score points. There are five players including the goalkeeper from each team on the rink at a time, while teams normally consist of 16 players.
