The Great Cow Race is the second book in the Bone series. It collects issues 7-11 of Jeff Smith's self-published Bone graphic novels, along with the short story "Up on the Roof" which was originally published in Wizard Presents: Bone 13½. The book was first published by Cartoon Books in its original black-and-white form in 1996. Paperback and hardback coloured editions were released in 2005 by ...

x A deep-neural-network-based algorithm was used to automatically segment the prostate for a large cohort of prostate cancer patients. DNN-based prostate segmentations were compared to the consensus contour for a smaller group of patients; the agreement between DNN segmentations and consensus contour was similar to the agreement reported in a previous study.

Introduction. Osseous tissue, known as bone, is made of two different structures; cancellous and cortical bone. Cancellous, or the inner part of bone, is spongy in nature having 50–90 vol% porosity. However, cortical bone is the dense outer layer of bone with less than 10 vol% porosity. Both types of bone undergo dynamic remodeling, maturation, differentiation, and resorption that are ...

x The article by Salma et al. 1 entitled, "Vital signs changes during different dental procedures: a prospective longitudinal cross-over clinical trial" in the January 2019 issue I read with interest and disappointment. The article provides evidence for the well known practice that routine dental procedures combined with local anesthesia is safe for patients classified as ASA I (American ...
