A boot is a type of footwear and not a specific type of shoe. Most boots mainly cover the foot and the ankle, while some also cover some part of the lower calf. Some boots extend up the leg, sometimes as far as the knee or even the hip. Most boots have a heel that is clearly distinguishable from the rest of the sole, even if the two are made of one piece. Traditionally made of leather or rubber ...

Are you looking for a nice warm pair of slippers? All of our slippers have 100% shearling uppers and soles/insoles. Our sheepskin slippers are not made from another material simply lined or trimmed in shearling. The only other material involved (aside from the thread) is our crepe outsole which is standard on the scuffs, optional on the other items.
